Broiling Pan and Drip Tray

BEFORE THE FIRST USE

Place your oven on a flat surface.

Before using your oven, move it two to four inches away from the wall or from any objects on the countertop. Do not use on heat-sensitive surface.

DO NOT STORE OBJECTS ON THE TOP OF THE OVEN. IF YOU DO, REMOVE ALL OBJECTS BEFORE YOU TURN ON YOUR OVEN. THE EXTERIOR WALLS GET VERY HOT WHEN IN USE. KEEP OUT OF REACH OF CHILDREN.

GENERAL GUIDELINES

Baking: Baking function can be used as you would normally use your kitchen oven for roasting meats including chicken, or baking cakes, cookies and more.

Broiling: Broiling function can be used for beef, chicken, pork, fish and more. It also can be used to top brown casseroles and gratins. **Caution:** Aluminum foil is not recommended for covering the drip tray. Foil is extremely dangerous when broiling fatty foods. Grease will accumulate and may catch fire. The use of foil is not recommended, but if foil is used to cover broiling pan, be sure foil is tucked neatly around the pan and does not touch the walls or heating rods. Never cover crumb tray.

Toasting: Always have the rack in rack position “B”, as indicated in the diagram on page 5, for even toasting. Always center your item/items in the middle of the rack.

WARNING: Placing the rack in the bottom position or in the top position with the rack upwards while toasting may result in a fire. Refer to rack position diagram for proper use.

Turning off the toaster oven broiler: Turn the function dial to off. The indicator will turn off.

USE AND CARE

Unwind the power cord. Check that the crumb tray is in place and that there is nothing in the oven. Plug power cord into the wall outlet.

Broil

Note: When broiling, add approximately $\frac{1}{4}$ cup water to the bottom of the broiling pan to reduce sizzling and splattering. Place the drip tray in the broiling pan. Note: There are two positions for the drip tray so that a variety of thicknesses of foods can be broiled. Also, the oven rack can be turned up or down depending on the thickness of the food being broiled. In most cases the oven rack should be in the higher position (position “C” – see rack position diagram on page 5).

To broil, set temperature and function dials to broil. Preheat oven for five minutes with door closed. After the five-minute preheat period, place the broiling pan in the oven. Always leave door ajar when broiling.

Note: Never use glass oven dishes to broil.

To stop broil operation, turn function dial to off position.

Bake

To bake, turn the temperature dial to the desired temperature and turn function dial to bake position. Make sure oven rack is in position “A” – see rack position diagram on page 5. The oven indicator light will turn on. Preheat oven for five to ten minutes (time will vary depending upon desired temperature); then begin to bake.

Toast

To toast, make sure the oven rack is in rack position “B”, as indicated in the diagram on page 5. If toasting two items, center them in the middle of the rack. Four items should be evenly spaced – two in front, two in back. Six items should be evenly spaced – three in front, three in back. Close the glass door.

Browning Selection

Set function dial to toast. Turn toast shade dial to desired browning setting. Press “Start” button to begin toasting.

Stop Toasting

When the toasting cycle is finished, the oven will beep 5 times and turn off. If you wish to stop the toasting cycle before it is finished, simply press the “Stop” button. The toaster oven broiler will cancel your toast cycle.

Important Notes on Toasting

The oven rack must be in rack position “B” as indicated in the diagram on this page.

CLEANING AND MAINTENANCE

Always allow the oven to cool completely before cleaning.

1. Always unplug the oven from the electrical outlet.
2. Do not use abrasive cleansers, as they will damage the finish. Simply wipe the exterior with a clean damp cloth and dry thoroughly. Apply the cleansing agent to a cloth, not to the toaster oven, before cleaning.
3. To clean interior walls, use a damp cloth and a mild liquid soap solution or a spray solution on a sponge. Never use harsh abrasives or corrosive products. These could damage the oven surface. Never use Brillo pads, etc. on interior of oven.
4. To remove crumbs, slide out the crumb tray and discard crumbs. Wipe clean and replace. Crumb tray is dishwasher-safe. To remove baked-on grease, soak the tray in hot sudsy water or use nonabrasive cleaners. Never operate the oven without the crumb tray in place.
5. Wire rack, broiling pan and drip tray are dishwasher-safe. If heavily soiled, soak in hot sudsy water or use a nylon scouring pad or nylon brush.
6. Never wrap the cord around the outside of the oven. Use the cord storage cleats on the back of the oven.

IMPORTANT

After cooking greasy foods and after your oven has cooled, always clean top interior of oven. If this is done on a regular basis, your oven will perform like new. Removing the grease will help to keep toasting consistent, cycle after cycle.

RECIPES

Jammy Muffins

Get your ingredients all ready to mix the night before – combine dry ingredients and cover; combine egg, milk, yogurt and vanilla; cover and refrigerate. In the morning mix and bake for fresh warm muffins.

Makes 6 regular muffins

- 1½** **teaspoons + 3 tablespoons granulated sugar**
- ½** **teaspoon ground cinnamon**
- cooking spray**
- 1** **cup unbleached all-purpose flour**
- 1¼** **teaspoons baking powder**
- ¼** **teaspoon baking soda**
- ⅛** **teaspoon salt**
- 1** **large egg**
- ¼** **cup lowfat milk**
- 2** **tablespoons plain lowfat yogurt**
- ¼** **teaspoon vanilla extract**
- 4** **teaspoons jam or marmalade (not jelly)**

Preheat toaster oven to 400°F. Combine 1½ teaspoons granulated sugar with cinnamon and reserve. Lightly coat a standard 6-cup muffin tin with cooking spray.

Place flour, 3 tablespoons granulated sugar, baking powder, baking soda, and salt in a medium bowl. Stir to blend. Place egg in a small bowl and stir until smooth. Add milk and yogurt to beaten egg and stir until smooth, then stir in vanilla. Add the liquid mixture to the dry ingredients and whisk until just smooth – do not overmix – the muffins can become tough and rubbery. Divide the batter evenly among the prepared muffin cups. Top each in the center with about ¼ teaspoon jam or marmalade. Sprinkle muffins with the sugar/cinnamon mixture.

Bake in toaster oven for 18 to 20 minutes, rotating the muffin tin after approximately 9 minutes. Turn out onto a rack and cool for at least 5 to 10 minutes (the jam will be hot enough to burn) before serving.

- 2** **tablespoons firmly packed brown sugar**
- 1** **teaspoon cream of tartar**

Pesto Cheese Twists

Serve these as an appetizer, or with soup in place of crackers.

Makes sixteen 5-inch twists

- 1 sheet puff pastry, thawed at room temperature for 20 to 30 minutes**
- 1 tablespoon prepared pesto**
- 1 tablespoon grated Parmesan or Asiago cheese**
- 1 egg white, beaten until foamy**

On a lightly floured surface, roll the thawed puff pastry until it measures 10 x 12 inches; use a pastry wheel to cut the puff pastry in half crosswise. Combine the pesto, grated cheese and half the beaten egg white (discard the remaining egg white). Spread the pesto mixture over one of the half-sheets using an offset spatula; top with the second half-sheet. Use a rolling pin to lightly roll together. With the pastry wheel, cut the sheet in half crosswise, then cut each piece into eight strips, 6 x ½ inches each. Twist each strip 3 to 4 times; pinch ends to seal. Place on a tray and refrigerate for at least 30 minutes.

Ten minutes before baking, place the rack in position B; preheat the toaster oven to 425°F. Line the broiler pan (without drip tray) with a sheet of parchment paper.

Arrange 8 puff pastry twists evenly on the parchment-lined pan. Bake for 11 to 13 minutes at 425° F until puffed and crispy. Remove from the pan with tongs or a spatula and place on a rack to cool. Arrange the second batch on the same pan and repeat. Serve slightly warm or at room temperature.

MELTED CHEESE SANDWICHES

The next two sandwiches are classic toaster-oven fare, quick and easy hot sandwiches for any time of day or night.

Toasted Crab & Cheddar Melts

A classic open-faced toasted sandwich. Serve with a green salad for supper, or for Sunday brunch.

Makes 4 open-faced sandwiches

- 2 sandwich-size English muffins, split**

Soy Glazed Salmon with Dijon-Dill Sauce

The Dijon-dill sauce may be made ahead if you are entertaining.

Makes 4 servings

- ¾ cup nonfat plain yogurt* or whole sour cream****
- ½ cup grainy Dijon-style mustard**
- 2 tablespoons extra virgin olive oil**
- 1 small shallot (½ ounce), peeled and finely chopped**
- ¾ ounce fresh dill weed, finely chopped**
- 2 teaspoons sugar**
- 1 teaspoon kosher salt, divided**
- ½ teaspoon freshly ground black pepper**
- 4 6-ounce portions salmon fillet, skin on**
- 1 tablespoon soy sauce**

Place the yogurt, mustard, olive oil, shallot, dill weed, sugar, ½ teaspoon salt, and ¼ teaspoon pepper in a medium bowl. Stir with a whisk to blend. Let stand 30 minutes or longer to allow flavors to develop. The sauce may be done up to a day ahead. Makes about 1¼ cups sauce.

Brush the salmon fillets with the soy sauce and sprinkle with the remaining salt and pepper. Let sit for 15 minutes at room temperature. Place the rack in the toaster oven in position B and preheat on the broil setting. Place the drip pan in the broiling pan so that the fish will be about 1½ to 2 inches from the upper element. Lightly coat the broiler rack with cooking spray and add ¼ cup of water to the drip pan. Arrange the salmon fillets skin down on the prepared pan. Place in the oven and broil with the oven door ajar for 14 to 18 minutes; salmon should test 145°–150°F when tested with an instant-read thermometer. Serve hot or chilled with the Dijon-dill sauce.

*For a thicker sauce, strain the yogurt for 1 hour or longer using a yogurt strainer or a strainer lined with a coffee filter; discard the whey (liquid).

**For a richer sauce, use whole sour cream.

- 2 tablespoons finely minced shallot**
- 1-2 cloves garlic, peeled and finely minced**

Spicy London Broil

This dry rub has bold, spicy flavors – not overbearing, but not for the faint-hearted. If you prefer milder flavors, cut back on the cayenne just a bit.

Makes 4 to 6 servings

- cooking spray**
- 1½ teaspoons ground cumin**
- 1½ teaspoons sugar**
- 1½ teaspoons kosher salt**
- 1¼ teaspoons thyme**
- 1 teaspoon freshly ground black pepper**
- ¼-½ teaspoon cayenne**
- 1½ pounds top round London broil, about 1¼ inches thick**

In a small bowl, combine the cumin, sugar, salt, thyme pepper and cayenne and blend. Rub the spice mixture evenly on the meat. Place on a non-metallic plate, cover with plastic wrap and refrigerate until 20 minutes before cooking. The spice rub may be put on the meat up to 24 hours before cooking. The longer it is on the meat, the more intense the flavor will be.

Place the rack in position B and preheat toaster oven on broil setting, keeping door ajar. Put ¼ cup of water in the bottom of the broiler pan; place the drip tray in the broiling pan so that the meat will be about 1 inch from the upper element. Lightly coat the rack with cooking spray. Arrange the meat on the broiler rack. Broil with the door ajar for 16 to 20 minutes; turn the London broil halfway through cooking time, until meat is done to desired taste*. Let stand for 10 minutes before carving to allow the juices to set; the meat will continue to cook during this time. Test for appropriate doneness with an instant-read thermometer. After the meat has rested, slice across the grain in very thin slices to serve.

*Times will be dependent on temperature and thickness of meat. Test with an instant-read thermometer.

Teriyaki Glazed Chicken Breasts

Make the teriyaki marinade ahead and have it on hand.
Serve with rice and steamed fresh vegetables.

Makes 4 servings

- ½ cup soy sauce (can use low sodium)**
- ¼ cup rice wine vinegar**
- 3 tablespoons dry sherry or mirin**
- 1½ tablespoons finely chopped fresh ginger**
- 3 tablespoons brown sugar**
- 4 boneless, skinless chicken breast halves (about 6 to 8 ounces each)**

In a 1-quart nonreactive saucepan, combine the soy, rice wine vinegar, sherry, ginger, and brown sugar. Bring to a boil, then reduce the heat and simmer for 15 minutes. Strain, discard the solids, and let cool completely.

Rinse the chicken and pat dry. Place the chicken between two sheets of plastic wrap and pound to an even thickness of ½ inch with a flat mallet. Put the flattened chicken breasts in a resealable plastic bag and pour half the teriyaki marinade over them. Press the air out and let marinate for 15 minutes at room temperature. Reserve and refrigerate the remaining marinade in a glass storage jar (it will keep refrigerated for up to 2 weeks).

Place the rack in position C and preheat toaster oven on broil setting, keeping door ajar. Place the drip tray in the broiling pan so that the flattened chicken breast halves will be about 1 inch from the upper element. Add ¼ cup of water to the broiling pan and arrange the chicken “skin” side down on the drip tray. Broil with the door ajar, about 6 to 8 minutes. Turn

chicken and continue cooking until juices run clear, about 6 to 8 minutes longer. (Internal temperature of chicken should be 170°F.)

Lemon Thyme Roast Chicken

Roast a succulent chicken without turning on the large oven.

Makes 2 servings

- cooking spray**
- ½ small broiler/fryer chicken, about 1½ to 2 pounds (no larger)**
- 1 tablespoon extra virgin olive oil**
- 1 tablespoon freshly squeezed lemon juice**
- ½ teaspoon dry thyme***
- ½ teaspoon kosher salt**
- ¼ teaspoon freshly ground black pepper**
- 1 4-inch sprig fresh thyme***
- 1 clove garlic, peeled and cut in half**
- 1 small onion (about 2 ounces), peeled and quartered**
- 4 strips lemon zest (3x½ inches each)**

Place the rack in position A and preheat toaster oven to 400°F.

Rinse chicken with cold water and pat dry. Place the drip tray in the broiling pan in the lower position; add ¼ cup water to the pan and lightly coat with cooking spray.

Rub chicken skin with olive oil and lemon juice. Combine the thyme, salt and pepper. Rub half the mixture in the cavity of the chicken and half on the skin of the chicken. Place the thyme sprig, garlic halves, onion quarters and lemon zest on the prepared pan. Arrange the seasoned chicken on top of the vegetables and herbs, place in toaster oven and roast for 20 minutes, then lower the temperature to 350°F and continue to roast for another 20 to 25 minutes. (Internal temperature of the chicken should be 170°F when tested in the breast, and 180°F when tested in the dark meat; juices should run clear.)

Turn off oven and remove the chicken to a platter. Let stand 10 to 15 minutes before carving (cover loosely with foil if desired, but skin will lose its crispness).

*You can use other herbs such as basil, marjoram, oregano, or rosemary.

Chicken, Vegetable & Black Bean Burritos

Makes 4 servings

- cooking spray**
- 2 teaspoons good quality olive oil**
- 2 cups shredded zucchini**
- 8 green onions, trimmed and chopped**
- ¼ cup chopped flat parsley or cilantro**
- 1 can (15-ounce) black beans, drained, rinsed and drained again**
- ¼ teaspoon kosher salt**
- 2 cups shredded cooked chicken**
- 1 tomato (6 ounces), cored, seeded and chopped**
- 1 jalapeño pepper, seeded and chopped**
- 2 tablespoons fresh lime juice**
- 8 ounces shredded low-fat Cheddar or Monterey Jack cheese (about 2 cups)**
- 4 9-inch flour tortillas (can use flavored such as sun-dried tomato) guacamole, sour cream and salsa for garnish**

Place the rack in position B and preheat toaster oven to 350°F. Spray a 7x11-inch baking dish with cooking spray, or rub with olive oil.

In a medium nonstick skillet, heat half the olive oil over medium heat. Add the shredded zucchini and cook until lightly browned, tender and no longer watery, about 8 to 10 minutes. Stir in one quarter of the green onions and half the chopped parsley/cilantro. Remove and reserve. Heat remaining oil in the pan over medium heat. Add a third of the remaining green onions,

the remaining chopped parsley, drained white beans and salt to the pan. Cook for 2 to 3 minutes. Use the back of a wooden spoon or a potato masher to mash the beans (the beans should be just partially mashed), and cook until heated through, about 3 to 4 minutes. Transfer to a bowl and let cool. Place the shredded chicken in a medium bowl. Stir in the chopped tomato, chopped jalapeño, lime juice, half the cheese and half of the remaining green onions.

Spread one quarter of the bean mixture in a line just below the center of each tortilla. Top each with one quarter of the cooled zucchini and one quarter of the chicken mixture. Sprinkle each with 2 tablespoons of the remaining cheese. Roll the burritos and place them seam side down in the prepared baking dish. Cover with a sheet of foil that has been sprayed with cooking spray; bake for 15 minutes. Remove the foil and sprinkle evenly with the remaining cheese and chopped green onions. Continue to bake until the cheese is melted, about 12 to 15 minutes longer. Serve with guacamole, salsa and sour cream for garnish.

Asian 5-Spice Pork Tenderloin

Makes 4 to 6 servings

- 2** tablespoons light soy sauce
- 2** tablespoons brown sugar
- 1** tablespoon hoisin sauce
- 1** tablespoon dry sherry or mirin
- 1** tablespoon minced fresh ginger
- 1** tablespoon minced green onion
- 2** teaspoons Asian toasted sesame oil*
- 1-2** cloves garlic, peeled and minced
- ½ teaspoon 5-spice powder*
- ½ teaspoon kosher salt
- 1** pork tenderloin, about 1¼ to 1½ pounds
- ½ cup chicken stock

Combine the soy sauce, brown sugar, hoisin sauce, sherry, ginger, green onion, sesame oil, garlic and 5-spice powder in a resealable freezer-weight bag and stir. Trim any excess fat and silver skin from the pork tenderloin. Place the pork tenderloin in the marinade for 30 minutes at room temperature or up to 8 hours in the refrigerator.

Place the rack in position A and preheat toaster oven to 450°F. Line the baking pan with foil; then place the roasting rack in the pan.

Remove tenderloin from marinade, allowing excess to drain off. Place excess marinade in a small saucepan with the chicken stock. Turn the narrow end of the tenderloin under and attach with a toothpick or skewer so that the tenderloin is an even thickness.

Roast the tenderloin for 15 to 18 minutes, turning after 9 minutes. While the pork is roasting, heat the reserved marinade until it bubbles for 5 minutes; lower heat and cook until reduced by half and thickened – this can be served as a sauce for the pork. When pork has reached an internal temperature of 150°F when tested with an instant-read thermometer, remove it from oven. Cover loosely and let rest for 10 to 15 minutes before slicing. Slice the tenderloin crosswise into thin slices and serve with sauce.

*Can be found in most well-stocked grocery stores or in any Asian grocery store.

Baked Potatoes

Why turn on the big oven just to bake potatoes when the toaster oven does such a good job?

Makes 4 servings

- 4 Idaho or russet potatoes, (8-11 ounces each)**
1 teaspoon extra virgin olive oil

Place the rack in position B and preheat the toaster oven to 400°F. Scrub the potatoes thoroughly and dry. Lightly rub each potato with ¼ teaspoon of the olive oil. Use a fork to prick potatoes, about 6 to 8 times. Place directly on the rack and bake until soft and easily pierced with a knife, about 55 to 60 minutes. Remove from the oven.

To serve, pinch open the top, fluff the interior with a fork and serve topped with butter, extra virgin olive oil, margarine, or sour cream, as desired. Add kosher or sea salt and freshly ground pepper to taste.

Variation: Substitute sweet potatoes or yams for baking potatoes.

Twice Baked Sour Cream & Chive Potatoes

Makes 4 servings

- 4 Idaho or russet potatoes, about 7-8 ounces each**
⅓ cup lowfat milk
1 tablespoon + 1 teaspoon unsalted butter
½ cup sour cream or lowfat sour cream
¼ teaspoon kosher salt
¼ teaspoon freshly ground pepper (black or white)
3 tablespoons + 1 tablespoon chopped fresh chives

Prepare and bake potatoes as in Baked Potatoes (previous recipe), but do not pinch open – just slit slightly with a knife to allow steam to vent. When cool enough to handle, cut off top quarter of each potato and scoop out cooked potato, leaving a ¼-inch-thick potato shell. Reserve cooked potato and skin shells. Preheat toaster oven to 375°F.

Place cooked potato in a medium bowl. Add milk and 1 tablespoon butter. Using a potato masher or hand mixer, mash/beat until smooth. Add sour cream, salt, pepper, and 3 tablespoons chives. Mash/beat to combine completely. Generously fill the potato shells with sour cream and chive potato mixture. (Potatoes may be prepared a day ahead to this point – cover and refrigerate.) Arrange potatoes on baking tray (can line with a sheet of aluminum foil). Melt remaining teaspoon of butter and drizzle on potatoes. Bake for 35 to 45 minutes (add 5 to 10 minutes to baking time if potatoes were prepared ahead and refrigerated), until potatoes are hot and

golden on the tops. Sprinkle hot potatoes with remaining tablespoon of chopped chives to serve.

Sweet potatoes are one of the most nutritious vegetables – and they are delicious when roasted with olive oil and herbs.

Makes 2 to 4 side dish servings

- cooking spray**
- 2 sweet potatoes, about 1 pound total**
- 1 tablespoon extra virgin olive oil**
- ½ teaspoon dry herbs (thyme, rosemary, basil, oregano, savory)**

Savory Fontina & Prosciutto Bread Pudding

A great side dish, brunch dish, or even supper when served with a green salad.

Makes 6 to 8 servings

- cooking spray**
- 1 teaspoon extra virgin olive oil**
- 1 cup chopped onion**
- 6 slices prosciutto, cut in slivers**
- ½ teaspoon Italian herbs or herbes de Provence**
- 4 cups bread cubes (½-inch) from crusty French or Italian bread**
- 1 cup (4 ounces) shredded fontina cheese**

Summertime Zucchini, Tomato & Basil Bake

While this side dish is best in the summer with garden fresh vegetables, our markets make it easy to get these ingredients all year 'round.

Makes 4 servings

- 2** medium green zucchini, each 1½ inches in diameter
- 6** ripe plum tomatoes
- 10** large fresh basil leaves
- 1** large clove garlic, peeled and halved
- 1** tablespoon extra virgin olive oil
- ½** teaspoon kosher salt
- ¼** teaspoon freshly ground pepper
- ¼** cup freshly grated Reggiano Parmesan cheese

Preheat the toaster oven to 350°F.

Trim the ends of the zucchini. Cut into ¼-inch-thick slices. Cut the tomatoes into ¼-inch-thick slices. (This can be done using a Cuisinart® food processor and the 6mm slicing disc.) Stack the basil, roll, then cut into very thin strips with a sharp knife to produce a shred. Set aside.

Rub the garlic clove over the bottom of an 8x8-inch glass or ceramic baking dish, and discard the garlic. Brush with 1 teaspoon of the olive oil.

Arrange the zucchini and tomato slices in a single layer, overlapping them tightly. Season with the salt and pepper. Scatter the shredded basil evenly over the zucchini and tomatoes. Drizzle with the remaining olive oil, then sprinkle evenly with the grated cheese.

Bake for 25 to 30 minutes, until the zucchini is tender. Serve hot or at room temperature.

Orzo-Stuffed Squash

This is a perfect complement to grilled meats or seafood, or a delicious vegetarian entrée.

Makes 4 servings

- cooking spray**
- 4 medium yellow squash (6-8 ounces each)**
- 2 teaspoons + 1 teaspoon extra virgin olive oil**
- 1 clove garlic, chopped**
- ½ cup minced red onion**
- ½ cup finely chopped red bell pepper**
- 1 teaspoon basil**
- 1 cup cooked orzo, pastina, or rice**

½ cup packed light brown sugar
½ cup unsalted butter, melted (1 stick)
½ cup all-purpose flour
⅓ cup unsweetened cocoa
